Founded in 1979, the Trickle Up Program's mission is to help the lowest income people worldwide take the first step up out of poverty, by providing conditional seed capital and business training essential to the launch of a microenterprise. This proven social and economic empowerment model is implemented in partnership with local agencies.

Trickle Up believes in people and their capacity to make a difference. We empower the world's poorest people to develop their potential and strengthen their communities. We pursue this goal in a way that encourages innovation and leadership, maximizes resources, and promotes communication and cooperation among all Trickle Up constituencies. www.trickleup.org
